The Eddyville Literary Society

had a very enthusiastic debate Saturday evening on the subject, "Resolved, That More Misery is Caused by Alcoholic Drink than War." The speakers for the negative put up a good fight, but the affirmative had a trained speaker from Nashville to assist them and won the debate.

Kernville.

Dick Anderson and wife are going to live with Mr. and Mrs. Stone this winter.

The shooners Patsy and Gerald C. both went out over the bar in safety.

The fishermen are making lots of money for there are lots of fish in the rivers.

Mr. Stemple has moved in his new house. Mr. McClintock built the house for him.

Jesse Farrin thinks he will only be gone a part of the winter. His wife will stay on the farm. They have a fine new house that they are clothing and papering.

Mrs. Bessie Farrin was quite sick with sore throat last week.

Myrtle Lockwood was quite sick for five weeks, but is up a part of the time now. Dr. Morrison of Salem was called. He said she would not be well again unless she had an operation for appendicitis. She may have to go to Portland before she can full recover.

Mr. Stone and Dick Anderson are fishing together and are catching lots of fish on Drift river near the sawmill.

Charles Robertson has a phone in his house. Now he and William Dodson can talk. The line is near completion to the bay and it will soon be through to the cannery.

Miss Gertrude Phelps is taking a course in vocal music at the U. of O. at Eugene.

THE SMALLPOX.

The epidemic of smallpox which has been here for the past three weeks, and which was at first thought to amount to but very little, is proving to be more serious than first supposed. From a couple of cases it has spread to ten or more. Monday morning the schools were closed. The skating rink, the picture show, the churches, lodges and all meetings were closed, and several buildings were quarantined. The City Council, at their meeting Monday evening, determined to take more drastic measures than our County Health Officer had taken. They organized as a Health Board, appointing Dr. R. D. Burgess as Health Officer and appointed a special police to care for the smallpox patients and enforce strict quarantine. Ivan Kyniston, the first victim of the disease here, was appointed to that position, and has since been kept busy. Tuesday morning Dr. Burgess quarantined the Merchant's Hotel, the Ofstedahl building and all the residences where persons were known to be affected. All the cases have been very light and in some instances the patient was through with the hardest part of the disease before he knew the nature of his ailment, and could hardly be compelled to go to bed. This is partly responsible for the spread of the disease. With the strict quarantine that is now being maintained it is hoped that there will be no further spread of the disease.

CURE FOR SMALLPOX OR SCARLET FEVER.

The following is a cure published and used in Colorado Springs during a smallpox scourge with perfect success. It was also published and used in Durango some years later for scarlet fever with equal benefit.

As we chanced to be spending the season in each place and was badly exposed to smallpox and made use of this receipt ourselves and know of a number who also used it in the Springs, and later heard of the good it done in Durango, I am pleased to pass it on to the people of Toledo believing it will prove of great benefit. Mrs. H. F. Nulton. Sulphate of zinc, 1 grain; fox glove (digitalis), 1 grain; one-half teaspoon sugar. Dissolve with 2 tablespoons water. When thoroughly mixed add four oz. water. Take one teaspoonfull every hour for thirteen hours. For small children give smaller doses.

Either disease will disappear in twelve hours. Use remedy when exposed or feel symptoms of the disease.

R. S. Van Cleve, the merchant, has moved his family into his new building on the corner of Hill and Fourth streets. They have rooms fitted up in the basement.

"I do not believe there is any other medicine so good for whooping cough as Chamberlain's Cough Remedy," writes Mrs. Francis Turpin, Junction City, Ore. This remedy is also unsurpassed for colds and croup. For sale by all dealers.

John Ebbe, the contractor, is taking his donkey engine and steam scraper to Newport this week. He will use the outfit in scraping black sand into a machine for extracting the gold from the black sand. The company doing the mining are Newport and San Francisco men. They will put in a machine that will handle 400 yards of sand per day, which the Ebbe machine will supply. The work will be done at the mouth of Big Creek.

NO SCHOOL NEXT WEEK.

The Toledo School Board desire to announce that, while the authorities have the epidemic under good control and no new cases are developing, yet, they deem it for the best interests of all to adjourn school for the coming week believing it better to be safe with our children. So no school. C. B. Crosno, Clerk.

PLEASE SETTLE.

All persons knowing themselves indebted to John Nye, former proprietor of the Toledo Meat Market, please call at my office and settle. G. B. McCluskey.

BRING IT BACK.

The fellow who took my trip block from under my donkey engine while it was standing on Fourth street, is notified to return same immediately and save trouble. I refer to the fellow who took the oil cans from the steam roller.

John Ebbe.
